Christadoro's Hair Dye still Triumphant!

CONTRAST the tints brought out by the hardy Christadoro's matchless revitalizing Hair Dye, and those produced by application of the burning fluid called hardly sold as Hair Dyes, you see at once that the former is natural in one case, unnatural in the other, and this simple reason is that Christadoro's is the ONLY preparation which by its exact chemical combination operates on natural and immutable principles. Made, sold and applied (in the private rooms) at Christadoro's 6 Astor House, Broadway, N. Y. Also for sale by the principal Druggists and Perfumers throughout the country.

A JOURNEY TO THE Seaboard Slave States.

BY FREDERICK LAW OLMSTED.

Author of Walks and Talks of an American Farmer in England.

One vol. 12mo. 725 pp., with wood cuts. Price $1 25.

The Southern Cultivator predicts that this book will have greater influence on the minds of voters than Uncle Tom's Cabin has had.

The New York Daily Times says of it — This work will be by far the best yet published on the subject.

The New Orleans Delta observes of the author—"Prejudiced as his opinions were, he was not a wilfully dishonest man or an unfair writer. We would welcome a few more men of his calibre among us—prejudiced, but manly and honest."

THE MORMONS AT HOME.

Descriptive of a Tour through Kansas and Utah, and of a residence at the Great Salt Lake City, by the wife of the late United States Commissioner at Utah.

Portions of this work have appeared in Putnam's Monthly, and have been received by the press and the public with the strongest evidence of commendation and interest. The facilities enjoyed by the author for apprehending the general public policy of the Mormon leaders and for observing the effect of this policy upon the interior social and family life of the people, were such as to make her report peculiar and permanent value.

the most Popular Collection of Church Music EVER PUBLISHED IN THE WORLD!

THE NEW CARMINA SACRA.

BY LOWELL MASON.

MORE than [illegible] hundred thousand copies of the Carmina Sacra have already been sold. It has become [illegible] more generally used than any other collection of Church Music, and with more satisfaction than any other collection of Church Music. It has done more for Congregational Singing in America, than any one agency. The majority of those tunes which are constantly used and loved all over the land, are from this book.

Our edition of the New Carmina Sacra has been carefully revised, the less valuable matter having been omitted and its place being filled by the most popular tunes from the author's other works. Entirely new and attractive Elements of Music, Exercises, &c., are also introduced. In short, the New Carmina Sacra is now in a most complete and perfect form. Though choirs may have any and all other books, they are not fully furnished for service without a supply of this book. As a text book for Singing Schools the number of thousands who have used it will attest its great value. For sale by booksellers generally.

CHAS. PREUSSER,

TAKES PLEASURE in announcing to his friends and customers, and the Public generally, that he has removed to his new and elegant Store, built by him expressly for his rapidly increasing business, on the corner of East Water and Mason Streets, opposite the Walker House and Post Office. Where he is receiving almost daily additions to his large stock of

CLOCKS, WATCHES, JEWELRY, SILVER AND PLATED WARE, FANCY GOODS,

in fact of everything usually to be found in a well assorted business of this kind.

As his stock is all new, of the latest and most fashionable styles purchased direct from manufacturers and importers, and will be sold at a very small advance, he flatters himself that both Prices and Goods will give general satisfaction.

The Repairing of Watches and Jewelry will be as heretofore under my personal superintendence, and I have engaged help enough to do all work with despatch. Thankful for the kind patronage, so liberally bestowed upon me during the past Eleven years by the Milwaukee Public, my friends and customers may be assured that no effort of mine will be wanting, to merit a continuance of the same.

NEW PRINTING OFFICE AT PRAIRIE DU CHIEN.—Mr. V. A. W. MERRILL, who for some eight years past has been employed in the *Sentinel* Office, is about to establish himself at Prairie du Chien in the newspaper and Job Printing business. We know Mr. MERRILL to be a capital printer, a good mechanic and a hard working man, and we take pleasure in commending him and his new enterprise to the patronage of the good people of Crawford County and vicinity.

CAPITAL PUNISHMENT.—The Grand Jury of this county terminated their labors yesterday by adopting unanimously a resolution urging the Legislature to restore the death penalty for the crime of murder. Such, undoubtedly, is the almost universal sentiment of our city and the greatly preponderating opinion in the State at large.—We trust that the Legislature will give heed to it.

THE LAGGING MAILS.—We received last evening, thanks to our fellow citizen Mr. BEAN, who has just returned from the east, New York papers of Wednesday last, the 20th inst. Our latest dates by mail, also received yesterday, were of the 16th, four days older. Why the mails cannot come along nearly as fast as passengers do, is one of the mysterious problems of Governmental inefficiency not yet fully solved.

MILWAUKEE AND FOND DU LAC.—These two cities are now in direct Rail Road communication. Passengers leaving here in the morning arrive at Fond du Lac in good time for dinner. Thus gradually is Milwaukee linking to herself, by iron bonds, in social and commercial intercourse, the thriving villages and cities of the interior.

FIRE AT GALENA.—On Wednesday morning fourteen old buildings on Main street, Galena, were destroyed by fire. The loss to the owners was trifling, but a good many poor families were for the time being rendered houseless.

"AMERICANISM" ON THE BAY SHORE.—In an article a few weeks ago in reference to destitution among the Belgian emigrants in the vicinity of Red river, it will be recollected that we mentioned that the head of one family had gone off, none knew whither, and left the wife and two children to fight alone the battle against cold and starvation. We heard from this family a day or two ago; and are glad that the prospect looks fair for their immediate acquisition of another and a more efficient protector. It seems that, after the abandonment, the mother resorted frequently to the cabin of a Chippewa Indian, near by, begging provisions, which were promptly and cheerfully supplied. These visits continuing, our Native American friend, wishing to satisfy himself perhaps that his charity was being well directed, visited the hut of the Belgians, and finding them indeed destitute, took the whole family home with him—where they now are, as well as domiciled in good condition.

But this is not all. Mr. Big Thunder, or whatever be the name of the Chippewa sachem, seems to have acquired some knowledge of our law relating to waifs and strays, and has declared it to be his intention that, unless the husband is on hand within a certain time to claim the woman and children, pay charges and take them away, he shall give them to his son, a respectable young fellow, who has sown his wild oats, and reached that point in life when he is prepared to take a squaw and settle down in the world. What could happen better, if they are mutually agreed?

If this should meet the eye of Mr. Donder Blixem who left his house so meanly, it will inform him that, unless he gets home pretty soon, there is a fair chance of a "fusion" between the foreigners and Native Americans, of Red River.—*Green Bay Advocate.*

SHOCKING AND FATAL OCCURRENCE.—A most melancholy accident occurred yesterday morning about 9 o'clock, by which Mr. H. P. Bacon, of this city, was horribly mangled, and he will not probably survive his injuries. He was crossing State street, at Madison, when a runaway horse with a lumber wagon, belonging to Messrs. Boggs & Donaldson came suddenly upon him, and catching him in some way by the feet, dragged him down State to Randolph and through Randolph to Dearborn street. Much of that distance his face and head were trailing on the ground.

His skull was fractured in several places, and the right side of the face and the right eye literally torn to pieces. He was picked up and carried into the cigar store of Geo. P. Hansen, where Dr. Linn and Dr. Myers were soon in attendance.

He was subsequently removed to the hospital of the Sisters of Mercy, in great agony, where Dr. Brainard and Dr. Davis also attended him, and everything that human skill could do was attempted for his relief.

Mr. Bacon is well known in this city as the proprietor of a job printing office at No. 14 Lasalle street. He is unmarried, and without relatives here, but has, we understand, a mother and friends at or near Great Barrington, Mass. He was still alive last evening, but it was not considered possible for him to recover.—*Chicago Dem. Press* of yesterday.

LEGISLATIVE DAGUERREOTYPES.—The Assembly is composed of 82 members—18 are "good looking"—50 are tolerably good looking—8 are positively not good looking—1 is indisputably *handsome*. 25 unmitigated Shanghais—3 independents—1 don't care a fig for anybody! 37 liberal Democrats—disposed to stand by their principles, when not salted by corruption—can't be bought and sold—while 6 are for Barstow hit or miss. 16 can sing—74 enjoy good music.—10 would do all the talking—72 are willing they should—hence they all agree! 21 spit on the carpet—19 go out to spit—1 never expectorates. 70 love oysters—the balance love good liquor—always ask "What's the question?"—16 always know what's going on—10 always absent—25 always on hand. 29 chew tobacco—17 always in order—11 always out of order. 70 go to the theatre—8 play billiards. 41 sleep late—20 can't be caught napping; while 6 go into the committee of the whole (chair) on the memorial of *morpheus*, during the horribly bungling reading of long railroad bills—66 like the Patriot—8 don't like it—3 can't tolerate it—5 hate it worse than *pizen*.—*Madison Patriot*, (Dem.)

MELANCHOLY AND FATAL ACCIDENT.—We are sorry to learn that Mr. N. Overdom, a respectable German resident of this village, accidentally shot himself on Sunday last. It would appear that Mr. Overdom in company with a friend, went to look at some land in the town of Fredonia—Before crossing a small brook which was frozen over, Mr. Overdom tried the strength of the ice with the butt end of his gun. The ice broke through, precipitating Mr. O. forward and discharging the gun, the contents of which, consisting of a half ounce ball and wadding, passed directly through his body, killing him on the spot. An inquest was held over the remains on Monday, and a verdict returned according to the above statements. Mr. Overdom leaves a wife, children and numerous friends to mourn his irreparable loss.—*Ozaukee Advertiser*, 21st.

CIRCULATING.—We perceive that our friend A. H. Burdick, of the Milwaukee Sentinel office, is canvassing this portion of the State for the Sentinel. When he finds his way to Berlin we hope and believe that he will get a large accession to the list for that paper. A daily mail from Milwaukee, makes a daily paper an indispensable appendage to a business man's establishment.

The Sentinel is the most enterprising Newspaper in the State and is therefore sought often. We might as well here say that the most of our news is taken from that paper without a weekly acknowledgement of the fact.—*Berlin Courier.*

☞ In the ballast pit, on the Milwaukee and Horicon Railroad, on Saturday, another melancholy accident occurred, resulting in the instantaneous death of one of the hands. He was standing by the side of the pit, waiting for a team to back up, when a piece of earth caved from the top, a distance of about fourteen feet, crushing him to the ground, breaking his neck and thighs. He was a steady, industrious fellow, and much respected.—*Horicon Argus.*

UNION OF THE HOUSE AND MORSE TELEGRAPH LINES.—For a year past there have been rumors of such union. But all these rumors have been premature until now. On Tuesday last a Committee from the Boards of Directors of the two lines agreed upon a basis of union. This agreement is to be immediately submitted to the two Boards, and will undoubtedly be ratified. If it shall be, the union will commence on the 1st of March.—*Alb. Evening Journal*, 14th.

FIRE AT JAMESTOWN.—The store of M. and L. Vanvleck was destroyed by fire on Saturday last—cause, accidental. Loss probably near $1000. The unfortunate proprietors will proceed to rebuild immediately.—*Grant Co. Herald.*

VESSEL SALE.—The schooner *White Cloud*, now lying in Chicago, was sold a few days since to Robinson & Ballou of this place, for $10,000. She is a three masted vessel and rates at 320 tons.—*Green Bay Advocate.*

SICK.—Lieut. Governor McArthur is recovering from a recent serious attack of bilious fever. He has been unable to attend to his duties now, for about ten days. We trust we shall soon again see him at his post.—*Madison Argus.*

Correspondence of the Sentinel.

Green Bay—Increasing Business—"Whitney's Folly"—Fort Howard—The Garrison—Maj. Sholes—Howard—Depere—Iron Mine—Stone Quarry, &c.

ASTOR HOUSE, Green Bay, Feb. 16, 1856.

Messrs. Editors:—Green Bay at the mouth of the Fox River, is one of the oldest settlements in the State, and contains a population at the present time of nearly 3000 inhabitants. The site of the city is indeed beautiful, and in the summer season must be delightful. With a broad expanse of water in front of the town, ploughed by the largest steamers that ply upon the Lakes, and in the rear a fine level country, under a good state of cultivation, and a large area of openings and prairie in the distance, the air must be as pure and bracing as though wafted across Italian plains. And in winter, notwithstanding the extreme terror with which I approached the town, on account of the large stories I had heard about the severe cold weather at the Bay, I must say that the air, though immensely cold and cutting, was inhaled by my lungs without any inconvenience, such as is usually experienced on inhaling the breeze that comes sweeping down Lake Michigan at Milwaukee.

The commercial business of the town has more than doubled during the last year. Mr. C. L. Wheelock, collector of the port, kindly furnished me with full statistics of Exports for 1854 as compared with 1855, but as you published the table about the time the Collector made his 4th Quarterly Report, I only give the footings:

Whole amount of Exports for 4th Quarter,	$241,932
" " " " " 1855,	695,667

These footings include the Bay shore trade, not reported at the Collector's Office, showing an increase of one [illegible] the amount over corresponding dates for the year 1851.

As Green Bay is the centre of a largely increasing lumber trade, I have been furnished by E. P. Doane, Esq., with a few interesting items in that line which are herewith submitted.

There will be manufactured at this place this this season, and ready for shipment on the opening of navigation, as follows:

LUMBER.

Arndt & Tyler's Mill	3,000,000
Robinson & Ball's "	7,000,000
O. Gray's	7,000,000
Price, Talbot & Co.'s "	10,000,000
Whole amount	27,000,000

SHINGLES.

Marshall's manufacturing	3,000,000
Truman " "	5,000,000
Lawe's " "	3,000,000
Ingalls " "	5,000,000
Shaved by those not engaged exclusively in the Shingle Business,	5,000,000
Whole amount	21,000,000

Of this amount, at least fifteen millions of lumber and fifteen millions of shingles will pass thro' the Fox River and Lake Winnebago, and be consumed in Fond du Lac, Dodge and Columbia Counties.

Estimated amount of Flour to be shipped from this port the coming season 35,000 bbls.

Estimated am't of Wheat	250,000 bus.
" " Oats	100,000 "
" " R. R. Iron, Miss. River	10,000 tons

There has been brought into the city for sale from Nov. 20, 1855, to Feb. 9, 1856, 2000 bbls Pork. Also, in the same period 250 tons slaughtered hogs, and 250 tons Feed, Ground for Lumbering.

Fish sold since the close of navigation, and carried into Calumet, Fond du Lac and Dodge Counties, 5,000 bbls.

Two steamers and two propellers will each make weekly trips between this place and Buffalo the coming season; also two steamers between Collingwood and this port, giving Green Bay a boat from Collingwood every three days, by which 10 to passengers are taken from here to New York in three days. There will also be two steamers making semi-weekly trips to Chicago, touching the principal ports on Lake Michigan. The *Fannie Fisk*, a fine looking boat built the past season by Mr. Fisk, at an expense of some $15,000, will run in the passenger and freighting business between this port and Mackinac the coming season.

There are six churches in the city, distributed among the different denominations as follows:—One Episcopal, 1 Presbyterian, 1 Methodist, 1 Moravian, 1 French Catholic and one German Catholic. Numerous contracts are also consummated for building the coming season, among which are some 12 to 14 fire proof stores on Washington street, some of which are on the burnt district. There will also be a number of handsome dwellings erected this season, in a prominent part of the city, some of which are already in progress.

I noticed several fine dwellings, among which are the residences of Morgan L. Martin, E. Conklin, Judge Howe, Hon. H. S. Baird and E. P. Doane.

Negotiations are in progress for the purchase of the Astor House of Wm. B. Astor, of New York, by Mr. N. Prentiss of St. Lawrence county, N. Y. Indeed, the bargain is complete, provided Mr. Astor gives a Warranty Deed, which, however, is not his usual custom, with reference to his property here, on account of some claims set up by heirs of the Greenough estate. The price to be paid for the Astor House property, including four lots, is some $5800, and if it goes into the hands of Mr. Prentiss, the house will be thoroughly overhauled and very much enlarged and improved, and be henceforth kept as a first class hotel. Mr. Prentiss has the means, and the taste requisite for making the capacious Aston House what its prominent location would fully warrant, one of the best and most attractive places to be found on the line of the Lakes.

The people are making strenuous efforts to procure a railroad communication with Lake Superior, and when we take into consideration the immense amount of business it would bring to their city, we certainly can see nothing to discourage but everything to make them hopeful in securing the contemplated connection, either by the Lake Shore route, or by a branch connecting with the air line road from Fond du Lac to the mouth of the Ontonagon River, or branching off running up the valley of the Wolf, via. Lake Shawanaw, and striking Carp River in the vicinity of the immense iron mines of that region. At all events, Green Bay will have a connection with Lake Superior cities by the Bay Shore, or by making a connection with the air line route at no very distant day, and then if its inhabitants do half as much as nature has already done for them, in developing their resources, there can be nothing to prevent the rapid progress of the place. But the people of the Bay are confident in the feasibility of the route along the Bay shore, believing it to be by far the most economical route, thus avoiding all heavy grading, asserting that the freshets at the mouths of the several rivers on this route are no hindrance, and saving a great expense in bridging. Those who are familiar with this route assert that nature has done much to assist in building the road near the Bay shore for some 100 miles, and the way travel would be at once largely remunerative.

It is really surprising to see the amount of mail matter passing over the route to and from the Lake Superior country. The mail leaves every two weeks, and there is sometimes equal to 80 bushels of mail matter to be forwarded. Would not a Railroad pay, think you, taking this item alone as an index of the vast business already carried on in that region?

You may, perhaps, have seen an account in the *Advocate* of the recent arrival here from Lake Superior, of a young lady, Miss MARY J. GREAVREAT, making the distance, 250 miles, in 4 days, with the thermometer down among the twenties, all the way in an open sleigh! She is said to be the first lady who has had the courage to undertake a journey of this magnitude in the depths of winter. Miss CAROLINE KING, the accomplished daughter of Dr. D. W. King, of this city, returned with the team brought through by Miss G.; to take a winter view of Lake Superior scenery, where she will remain a few days, and then Miss G. will return by the same conveyance. Mr. Rob't Greavreat, brother of Miss G., was one of the earliest pioneers of that region, and made a splendid "strike" in an iron mine on Carp river, selling one half of his interest to E. K. Collins of New York recently for the snug sum of $60,000.

The railroad from this city to Stevens Point and St. Paul, is in the hands of capitalists who are prepared to prosecute the work with the utmost vigor and completed, and a most important work it is.

I was assured by Mr. E. Conklin and others, that the Fox and Wisconsin Improvement Company had so far completed their work as to have passed a boat through to the Lake, and that parties had already gone east to make contracts for transporting freights from Green Bay to ports on the Lakes or the Mississippi river on the opening of navigation. I examined several of the Company's capacious locks, and they really look as firm as the granite with which they are constructed. A few weeks labor will be required to complete the work at Menasha.

[*Concluded to-morrow.*]

Eds. Sentinel:—Knowing how deep an interest is felt in the Celebration which has just passed at Waupun, I take the liberty of giving a more detailed account than could be included in a hasty report, and which would have been handed in but for the detention of the cars on the return in time for yesterday's paper.

Celebration of the Completion of the Milwaukee & Horicon Rail Road to Waupun.

Upon the arrival of the cars at Waupun the Milwaukee delegation were met by another from Ripon, accompanied by a Brass and Military Band, and bearing a banner with the inscription "Ripon greets Milwaukee," with a locomotive and train of cars in the centre. A procession was formed, headed by Oregon Engine Company, No 3, (who looked as they really are, the bone and sinew of Milwaukee Firemen,) and their Band, and marched to Dodge's Hall, where an elegant collation was awaiting them, after which Mr. JUNEAU, Chairman, called order and said we have met to congratulate each other upon the completion of the Milwaukee and Horicon Rail Road to Waupun, an event of more importance than any other that had occured since the first log cabin was built—an event of so great importance that few at an earlier day could credit that it could ever be a fact. When the first proposals were made for constructing the Milwaukee and Mississippi Rail Road, it was thought by Eastern men to be an entirely visionary scheme—said they, you have a very good country, and by waiting 10, 20, or 30 years you may be able to build a Railroad—alluded to the plan of farmers mortgaging their farms, &c., and waited to hear the remarks of others.

Mr. J. B. SMITH, President of the Road was then called—who responded most happily as published.

Mr. KILBOURN called—said he was not in so happy a vein as Mr. Smith for a speech but he and others had come from Milwaukee to shake hands with and greet the people of Waupun *by Rail Road*, and could tell them so—spoke of Rail Roads generally—of the difficulty of getting stock taken for the early roads—the plan of farmers mortgaging their farms—farmers thought that Rail Roads were very good for a commercial port like Milwaukee, but ruinous to farmers—had to convince them to the contrary before they would enter into the spirit of Rail Road building—spoke of the early opposition to the Erie Canal in New York—now one of the most prominent internal improvements in the United States—of the opposition to the La Crosse Road—should commemorate a like event in a few days at Beaver Dam—would not be long before Fond du Lac would be within the confines of the "family chain" and closed with the sentiment:

The able management of the Milwaukee & Horicon Railroad, and the liberality of the farmers supporting it.

And to illustrate how little Eastern people understood the capacity of Wisconsin, related the anecdote of a New York lady visiting a M. C.,—Judge, Justice of the Peace, Supervisor, &c., who asked him if it was a fact that the people of Wisconsin *took any newspapers?*

Mr. BOOTH was then called:

Mr. BOOTH, said he wished he could go somewhere where he would not have to be dragged before the public. His pleasure was not in public festivities—felt more at home when hard at work in his business. He sincerely rejoiced to meet his fellow citizens to celebrate such an event as the completion of the Milwaukee and Horicon Railroad to Waupun—although not a Railroad man in one sense, in another was well acquainted with Railroads, both, *underground* and aboveground—the *underground* in particular—its rolling stock—engineering and *the cost of running it* (laughter.) Railroads are an indication of the progress of intellect—we are but in the infancy of progress—years hence improvements will be made which will be as strange to *us*, as the completion of the Milwaukee and Horicon Railroad to Waupun *now* is to those, who resided in this vicinity a few years ago—Railroads were good servants to science as well as commerce.

Prof. DANIELS—said it would be useless to make a speech of the flowery order after what had been heard from his friend, Mr. Booth, and others, but must say he was happy to meet his friends upon so auspicious an occasion—we should not, while celebrating the completion, forget the labors of the student—the deep quiet thinker, who had been the first great cause of all Railroads. Said he, "a boy amused himself by flying a kite to attract the lightning from the clouds—old women laughed at that boy FRANKLIN, but his amusement gave us the Magnetic Telegraph"—alluded to Sir Isaac Newton's watching the falling of the apple—of Robert Fulton and the raising of the tea-kettle-lid—in short made a very happy and characteristic speech and gave the sentiment:

Science and Art—The Railroad, their noblest offspring

Jasper Vliet—The accomplished pioneer Engineer of the Milwaukee and Horicon Railroad—may his lines always be run in pleasant places and may he never be switched off at a half way station. Responded to by Mr. V.

Byron Kilbourn—We owe to his comprehensive intellect and persevering energy the first Railroad from Milwaukee in this direction.

The Mechanic—The laws of Science and the plans of the engineer are organized into form at his magic touch.

Responded to by Mr DENIO of Galena who said he felt flattered—was a mechanic himself and a friend to Railroads—he, too, thought we should remember the deep, quiet thinker at the same time that we remembered Railroads. He little thought ten years ago while peregrinating from Galena to Fort Winnebago, occupying seven days and the most of that time occupied in carrying a rail to pry out Frink & Co.'s stages, that to-day he should see a railroad completed to this place and soon to go farther west into the pineries, and Heaven only knows where it is to stop. Illinois had plunged too deeply into Railroads heretofore and the result had been ruinous; but Wisconsin, unlike Illinois, only went as fast as she could go safely. He said he hardly knew when to stop when upon that subject—he was like the little boy, and would tell them how if they would permit him. [Cries of go on.] He then related in an inimitable manner the anecdote of the boy who attempted to say his father's prayer in his absence, but had forgotten it, he tried the second and third times with like ill luck, when his mother reminded him that it was time to get through—he said he knew it but he couldn't wind the darned think off. He gave as a sentiment—

Waupun—A terror to all evil doers, but a friend to those who do well.

The Chairman then read several sentiments—the concluding one was—

The United States—She has completed—in process of building and in contemplation more miles of Rail Road than all the rest of the world put together. (Cheers.)

Ripon—Not like Rip Van Winkle, for she is wide awake.

Mr. MAPES responded: said he was proud to speak of Wisconsin and the town of Ripon at all times and in all places—spoke of obstacles the early friends of the road had to overcome, and was extremely happy to meet his friends on this day of triumph, and hoped soon to meet them on the shores of Green Bay.

Mr. HILL, of the Beaver Dam *Sentinel*, responded to the toast "Beaver Dam" in a neat speech—said Beaver Dam would do her share to push the Locomotive on West, and hoped soon to see all present in honor of a like occasion at Beaver Dam.

Several other speeches and sentiments were given, when it was announced that the excursion train was in readiness to start and the meeting adjourned.

The excursion train returned about 8 o'clock, bringing some 200 additional guests who marched from the cars to the Boston House to the spirit stirring sound of the fife and drum.

At the Ball in the evening there were plenty of "sweet bells" but none were "jangled and out of tune," and all seemed to be resolved to see how much could be enjoyed in one night.

Waupun, surrounded by one of the most magnificent countries that the sun ever shone upon, contains about 1,200 inhabitants, has 10 stores and groceries, 2 large mills, 2 plow factories, 3 wagon factories, 1 fanning mill do., 2 flouring mills, 1 planing and sash factory, 4 churches, 1 school house with 7 departments and 8 teachers employed by the year, and capable of accommodating 200 scholars.

Dodge's Building where the dinner was served is a very fine one, built of cut stone, three stories high, and 26 by 60 feet on the ground.

Mr. L. B. HILL, Esq., of the Waupun Bank, to show the Railroad spirit alive there, related that nine years ago a Railroad Convention was called at Waupun to take into consideration the propriety of building a Railroad from Milwaukee to Waupun, at which convention *nine persons were present*.

J. DRUMMOND was speaker on the occasion, and who now acknowledges that he hardly had a hope at that time that he should live to see one actually built. What a difference between nine years ago and now.

Explosion of the Louisville Paper Mill—Three Persons Killed.

From the Courier of Monday.

Saturday morning, soon after 7 o'clock, one of the steam boilers at the Louisville paper mill situated on Main street, between Tenth and Eleventh, exploded with terrific violence, scattering death and destruction to all in its path.—The explosion was heard several squares off, and soon hundreds of people flocked to the scene of the disaster, when it was ascertained that three human beings had been killed outright, a fourth was missing, probably buried in the ruins, and two more very badly wounded and scalded. The unfortunate victims were Thomas Garvin, an Irishman, acting in the capacity of fireman and third engineer, William, a slave of Mrs. Faith and a little girl some twelve years of age, daughter of Mrs. Mallott, a widow lady. The wounded were Ben Stamp and his son, who were in the act of wheeling coal in a barrow to the furnaces at the time of the explosion. They were so much disfigured, burnt and scalded, as to be barely recognized as human beings when first discovered. Their injuries may not prove fatal, though the boy had one of his legs broken and received a terrible wound in the head.

The little girl that was killed had just at the moment entered the building, and was in the act of passing through the engine room, and was within one step of the main building when overtaken by death in its most cruel shape. A fragment of the boiler, or a flying brick, struck her on the side and nearly cut her in two, tearing her clothing from her, and exposing a most horribly mutilated form. Her body was the first recovered from the ruins, and when taken home to the mother with whom she had but a few moments before parted, full of life and health, the occurrence was of so frightful a character that it was some time before the afflicted woman could realize the terrible fact that her child lay before her dead. The two men when found were perfectly lifeless, and were no doubt instantly killed. The missing man was a fireman by the name of Daniel Daley. His remains had not been found up to dusk Saturday evening, and as nothing had been heard of him, the conclusion was that he had been buried under the ruins of the boiler shed.

The Census of Horicon.

Mr. Editor.—On the 4th day of June last, I made a just and true enumeration of the inhabitants of the village of Horicon.—The total population of the village was then 573. A few of the business men of the place, feeling some little anxiety to know what the increase had been, employed me to make a second enumeration. Accordingly I commenced the work on the 13th of February, and completed the same on the 14th instant. I have been informed since completing the census, that some three families, numbering some 17 individuals, were *just* outside of the corporation. Including the three families of outsiders, I find the population as follows: Males 774, females 437. Total population 1,211. To this number there might safely be added 100 for transient persons now stopping in the village, and without a permanent residence elsewhere. So that the real number would exceed 1,500.

HORICON, Feb. 15, 1856.

J'S. H. WARREN.

—*Horicon Argus.*

FIRE.—Last Sunday afternoon, about 4 o'clock our citizens were startled by the cry of fire, which proved to be raging in the dwelling house of Mr. Russell Barnes. The family were at church at the time, fortunately the smoke issuing from the roof was observed by persons passing by.—Upon the first alarm our citizens turned out to a man, and fought the devouring element with stern determination, though at one time it seemed impossible to save the building—perseverance conquered. The furniture was all saved, though considerably injured by its hasty transit. The fire seems to have originated in the roof of one of the wings, thence communicating to the main building. After about two hours faithful working, the fire was subdued, being confined to the roof and ceilings, the damage was readily repaired.—*Horicon Argus.*

FIRE AT WASHINGTON HARBOR.—We learn that a barn, containing a large quantity of grain, hay, &c., owned by Mr. J. M. Craw, of that place, was set on fire, a few days since, and entirely consumed. The person who set fire to the barn has been arrested, and will probably be brought to this city for trial.—*Green Bay Advocate.*

☞ We notice that W. H. Hibbard, Esq., has been elected President of the Milwaukee and Watertown Railroad Co. The stockholders have shown good judgment in this selection. Mr. H. is a man of remarkable business sagacity and ability, and eminently successful in all his enterprises.—*Port Huron Commercial.*

SPECIAL NOTICES.

WISCONSIN ANNUAL REGISTER.

WE have just put into the hands of our compositors the copy of a work which should be in the hands of every citizen of Wisconsin, and should be largely circulated abroad.

The WISCONSIN ANNUAL REGISTER will contain from 90 to 100 pages, printed in a neat, though cheap pamphlet form, and will contain, among other interesting items, the following:

Almanac for 1856.

Description of Wisconsin—its Boundaries, Surface, Products, Commerce, Manufactures, Climate, &c.

The Counties—their boundaries, dates of organization extent, county seats, &c.

Lists of State officers from the beginning. Annuals of the Legislature, giving complete lists of members. County Officers for each County.

The Judiciary—the Judges, Districts, Election of Judges Terms of Courts, &c.

Vote for President in 1848 and 1852.

Votes cast for Governor, by counties, from the first.

Commercial tables.

Aggregate valuation of property by counties from the beginning, including 1855.

List of Presidents and Vice Presidents, and population of the United States in 1850.

Census of Wisconsin from 1836 to 1855; comparative table for 1850 and 1855.

Congressional Elections, by counties; and much other valuable statistical information.

The matter for the work is prepared by JOHN W. HUNT, Esq., Ass't. Secretary of State, author of the Gazetteer of Wisconsin, &c., and may be relied upon as accurate. Liberal arrangements will be made with booksellers and agents for the sale of the work.

Price 50 cents. Any person remitting 50 cents will receive a copy by mail *post paid*. Address

Letter from Hon. John Minor Botts, of Virginia.

Richmond, July 9th, 1855.

Messrs. Wm. S. Beers & Co.,

Gentlemen:—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of CARTER'S SPANISH MIXTURE, for that almost incurable disease, Scrofula.

Without being disposed, or deeming it necessary, to go into the particulars of the case, I can say that the astonishing results that have been produced by that medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted, and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.

I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for of course, I can know nothing about that—but from what I have seen of the effects, I would not hesitate to use it in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or control. Respectfully yours,
jan22 JNO. M. BOTTS.

Building Lots in Bradley & Metcalf's Addition.

WE ARE NOW offering for sale at the southern extremity of the city some of the most beautifully situated sites for residences to be obtained in Milwaukee. Extensive views of the bay, harbor and surrounding country may be had from many of the lots, and for health, purity of air and water, and general eligibility of location, are not equalled in the city. A portion of these lots are rendered still more desirable from the fact of there being on them a great variety of the choicest fruit trees many of which, having been planted by a former proprietor, have now attained their full size, and are annually earning large crops of the most delicious fruit.

Strangers and others desiring a location for a dwelling possessing the advantage above named, may learn further particulars by applying to

☞ For the benefit of the invalid portion of the community, we extract the following from the Almanac of Dr C. M. Jackson, proprietor of *Hoofland's German Bitters* hoping it may induce a trial of them:

SHEFFIELD, Ill., March 19, 1855.

J. C. NILES says:

"I expect to sell great quantities of your bitters this year Many of my customers speak very highly of its good qualities, having proved itself most an *excellent Fever and Ague preventative, a great purifier of the blood*, and the very best thing on record to aid digestion and create a good natural appetite. In short, I am sure it is one of the very best medicines known for family use, being safe and pleasant for any one to take."

C. L. D. CROCKWELL says.

ANAMOSA, Iowa, May 1, 1855.—"The Bitters give unbounded satisfaction to all that have used them, and I do and can always recommend them to all that are afflicted. They have cured many cases of Dyspepsia, some of them where hundreds of dollars have been spent for remedies which afforded no relief, and were considered incurable until they used the Bitters." [illegible] PRESIDING.

[illegible] THE GRAND JURY—ARRAIGNMENT OF THE PRISONERS.—The whole of yesterday forenoon was devoted to [illegible] of an additional batch of indictments, and [illegible] of the Grand Jury, after a session of about [illegible] forty-three indictments were [illegible] dismissing them, thanked them in [illegible] for the diligence and fidelity with [illegible] their duties, having transacted [illegible] than any other Grand Jury that [illegible]; they were notified by the Court [illegible] opportunity the Clerk would attend them [illegible] give them certificates of their attendance. [illegible] Jury then retired, first having left with the [illegible] resolution:

[illegible] from the repeated cases of murder [illegible] State of the offence of which has [illegible], and the punishment of which in [illegible] greater than for the com[illegible] and other minor offences, except as to [illegible] imprisonment, this body, a Grand Jury of [illegible], believe that the public safety [illegible] by restoring the death penalty to [illegible] for the commission of murder, and we [illegible] Legislature to enact such a law.

JAMES D. MERRILL, Foreman.

[illegible] parties, excepting those under bail, were [illegible]. The first taken to the prisoner's box was [illegible] for the murder of Herman C. Adams on the [illegible] 1855. The indictment, after being read by [illegible] was explained to the prisoner by [illegible] the defendant plead not guilty, stating that [illegible] him with his hand, and the pistol went [illegible] that the prisoner's friends had con[illegible] counsel, and that Mr. Arnold [illegible].

[illegible] was John B. Spencer, alias [illegible] for the murder of John Singer on the 27th [illegible] plead not guilty. Mr. Dorsch is [illegible].

[illegible] were then arraigned, and severally plead [illegible]:

[illegible] indictments for larcenies in a shop, plead [illegible] guilty to the other. John R. Lindsley, [illegible] table, plead not guilty; why this [illegible] for such an offence, we do not compre[illegible]. Spencer and Sybil Spencer, for keeping [illegible] both plead not guilty. Frederick Van [illegible] with intent to kill his wife, plead not [illegible] charged in another indictment with adultery, [illegible] also plead not guilty. Charles Gross, for [illegible] plead not guilty. Samuel Black, stealing [illegible] of Mack Brothers, not guilty. Matthias [illegible] in the language of the indictment, charged [illegible] detestable and abominable crime not to be named [illegible] Christians," plead not guilty. Thomas Pitlock, for [illegible] from the Milwaukee House, at the burning of [illegible] quantity of ladies' wearing apparel, &c., [illegible] not guilty. John Humphrey, for stealing a horse, [illegible] harness, plead guilty. John Holland, (colored,) [illegible] in a dwelling house, plead guilty. Frederick [illegible] in a dwelling house, plead guilty. Chas [illegible] from the shop of Cummings & Goodrich a [illegible] plead not guilty. Anthony Muller, larce[illegible] plead not guilty. John Schaeffer, and Bertha Schaef[illegible] a house of ill fame, not guilty. Michael [illegible] with intent to kill his wife, not guilty. Ed[illegible] assault with intent to commit a highway [illegible] guilty. James B. Knowles, stealing in the [illegible] House in this city, two indictments, plead not [illegible]. George W. Armstrong, stealing clothing [illegible] of the schooner Nebraska, plead guilty. [illegible] Higgins, Hannah Higgins, John Dunn and James [illegible] joint indictment for stealing in a dwelling [illegible] plead not guilty. James Woodruff and Seymour [illegible] stealing rope and a hawser from the schooner To[illegible] plea of guilty entered by Powers, Woodruff not pres[illegible] Clark and Stephen Lindsley, three indict[illegible] for stealing [illegible]—Lindsley was on bail, Clark plead [illegible] and second indictments not guilty, and sup[illegible] got through, when the third indictment was [illegible] which the prisoner replied. "Well, I guess I'll plead guilty to that any how." Ignet Strahle, entering a [illegible] the night time with intent to commit the crime [illegible], not guilty. Johanna Duper, stealing gold coin [illegible] dwelling house in the town of Greenfield, plead guilty. [illegible] Riley, stealing from a dwelling house, not guilty. [illegible], two indictments for stealing in a [illegible] plead not guilty to each; George W. Ames, stealing [illegible] House on the 11th of October, plead not guilty.

Police Court, February 22.

[illegible] for being intoxicated, fined $1; Frederick [illegible] was fined $25 and costs; Caroline Pieguiz for an assault and battery upon Johanna Wiedler, was fined $5 and costs; John G. and Edwin T. Townsend, for assault and battery upon a German, were each fined $15 and costs; Mary Canary, charged with an assault and battery, was discharged; George W. Sherman, for violating the fire ordinance, fined $10; Mathias Uhm, for leaving his team unhitched.

WASHINGTON'S BIRTH DAY.—This National anniversary was duly commemorated in our city, yesterday. The morning was cool and pleasant, and the streets were [illegible] Military display. At 10 o'clock the [illegible] companies marched to the rendezvous on Wis[illegible] street, and were shortly after formed in line by [illegible], as follows:

1. Milwaukee Light Guard—Capt. King.
2. Green Yagers—Capt. Miller.
3. Black Yagers—Capt. Broseus.
4. Artillery—Capt. Liebhaber.
5. Dragoons—Capt. Bast.

Major Neukirch, of the First Battalion, took the command and under his orders, the compliment of a Re[illegible] was paid to the Major General of the Division, [illegible] by his full staff. The line then broke into column [illegible] platoons and sections and marched through the principal streets of the city. The show was a very handsome one, the companies all looking well and the Battalion Band and the Drums and Fifes of the Light Guard discoursing [illegible] and spirit-stirring music. At 1 o'clock the Battalion was dismissed and the companies returned to their respective head-quarters. In the evening several Military [illegible] were given, which were numerously attended.

JUVENILE CONCERT.—At Young's Hall, on Monday evening next, Mr. W. Fay will present an entertainment [illegible], we believe, never before given in this city. The performers are about one hundred children, and under the direction of Mr. F. will give a Musical Cantata entitled "The Palace of Industry." It is divided into three parts, the first representing the children as busy with their books in school; in the second, the performers are supposed to be "children of a larger growth," and are engaged at the various pursuits of active life; part third introduces the Fairy Industry, who suitably rewards those whose conduct has been deserving of reward. The whole comprises a beautiful collection of songs, duetts, glees, choruses, &c., which the children, entering heartily into the spirit of the pieces, render with good effect. Mr. FAY has given his class gratuitous instruction for about four weeks, relying upon the proceeds of a concert to repay him for his labors. We hope he will not be disappointed. All who wish to be instructed as well as amused, would do well to visit Young's Hall on Monday night.

MERITED CASTIGATION.—A scoundrel followed two young ladies of this city, for several blocks, towards nightfall, Thursday; insulted them grossly and finally drove them, in terror, into a friend's house. A policeman was sent for, who arrested the culprit and kept him till morning in the Watch House. Being brought before the Police Court, yesterday, he was fined $25,00; and then, as he descended the stairs, he was met by two young gentlemen, friends of the ladies, who lashed him with cow-hides, till he roared for pity. The Police Justice fined the young gentlemen $15,00 for this breach of the peace; but all who were cognizant of the circumstance thought the flogging richly deserved and well administered.

CONCERT TO-NIGHT.—Mrs. TAYLOR, assisted by Miss SHERMAN and Professor TAYLOR, give their Farewell Concert at Young's Hall *this* evening. The programme, which will be found in our advertising columns, embraces several gems of Sacred Music. We again assure our readers that these vocalists are among the very best that have ever sung in our city, and their performances, in every instance, have been rapturously applauded. We hope that a crowded house will greet them to-night. They go from here to Janesville.

BAGGAGE SNATCHING.—On Thursday night on the arrival of the La Crosse cars a man who frequents the platform snatched up a trunk belonging to a lady, and carrying it a few feet, refused to give it up without a quarter. The lady to avoid trouble, paid the imposition. As this man is a Cabman in the city, we would advise him not to repeat this trick, as he might thereby lose his license; *gold* would not prevent it.

VERY LIKE A THAW.—The weather moderated rapidly, yesterday, and towards night a light rain commenced falling, which continued through the evening, with an occasional intermixture of snow. We again caution householders and others to clear their roofs and sidewalks of snow and ice, and keep the gutters open along their whole length.

ARRESTED FOR STEALING IN CHICAGO.—A German named Charles B. Betz was arrested late on Thursday night, by Policeman Kessler. The man made an attempt to escape when near the Watch House steps, when Policeman Garlick tripped him up, and he was put in a cell. He had stolen several notes of hand in Chicago of about $400 in value.

THE REV. S. A. Kingsbury, pastor of the First Ward Baptist Church, will preach in the Hall, corner of West Water and Second Streets, Second Ward, on Sabbath, at 3 o'clock P. M.

LIABILITIES.

Unsettled claims for Losses and not due $176,052 47

The Ætna Insurance Company presents its patrons the very satisfactory condition, of a large increase in Cash Assets, for the further security of their policies—all our investments being placed at the minimum market value, at the present time of some depression in the standard of same. They are either prime dividend paying stocks, or good, valuable and clean investments, yielding moderate interest and income. The standard basis on which the Assets have been valued, being *Gold at interest.* Besides this solidity, the Company calls attention to the strength and security it derives from its combined system of Agencies, through its agents having the means of presenting a united phalanx of *experienced Underwriters*, which has worked, for thirty-seven years, the happiest results to stockholders, and claimants for losses—and enables it to enter the year 1856, with greater prestige for future usefulness, than has yet been reached by a really *National* Insurance Corporation.

All business attended to with despatch and fidelity.

SANDS & CUMMINGS'

NEW & IMPROVED PATENT BRICK MACHINE

FOR TEMPERING THE CLAY, MOULDING AND PRESSING

Six Bricks in five Seconds

Completed at a Single Operation,

BY STEAM, HORSE, OR WATER POWER.

IN presenting this wonderful machine to the public, the patentees and proprietors wish to make no vain boast of its abilities, or assert in its behalf a single word which cannot be substantially and satisfactorily maintained, and they appeal to the practical brick makers of our country with confidence, when they add, that such a machine is in positive and absolute demand. The business of brick-making is now engrossing great attention, and the rapid growth of our land seems to show that our present facilities will hardly meet a fraction of the demand for the useful articles which it is proposed to furnish by this new means of manufacture. In New England and the Great West, the supply has not been adequate these last ten years and the consequence has been the prices of bricks have been exorbitant, and that most especially during the very last year it has been almost an extortion.

SANDS & CUMMINGS' Brick Machine is built mostly of iron is about four feet square, and five feet high in the rear.—When it is worked by horse-power, with four or five hands employed, (no more being required,) it turns out from fourteen to eighteen thousand bricks per day of ten hours. It is successfully operated by any ordinary laborers, who, by it, become fully competent to the most intelligent and experienced brick-makers.

CERTIFICATES.

WASHINGTON, December 27, 1852.

DEAR SIR:—I have examined with much care and interest your Brick Moulder and Temperer, on Capitol Hill, in this city, and cheerfully bear testimony to its excellence. I consider its simplicity of construction, its rapidity of execution, and its durability, to be apparent to every observer, and I can say that the experience of twenty-five years in the manufacture of bricks, has given me good opportunities of judging closely in this matter. I think your machine is unrivalled as a Brick Machine in the United States. Respectfully, yours, S. HAYDEN

Practical Brick-Maker, at Palmyra, N. Y.

H. SANDS, Esq.

WASHINGTON AQUEDUCT OFFICE,
Washington, Nov. 28.

SIR:—I was present, yesterday, at an exhibition of Sands & Cummings' Brick Machine. It appeared to me to be conveniently arranged, to be simple in its construction, not likely to get out of order, and it did its work quietly and effectually. I think it a very good machine.

M. C. MEIGS, Captain of Engineers,
In charge of Washington Aqueduct and Extension of U. States Capitol.

H. SANDS, Esq.

WASHINGTON, November 22, 1853.

SIR:—I this day had the pleasure of witnessing the operation of Messrs. Sands & Cummings machine for making brick, and must say that it performed much better than I expected. I can, therefore, recommend it to the public as a valuable labor-saving machine, as it tempers the clay and moulds the brick at the same time.

WM. P. ELLIOTT, Architect and Engineer.

To. H. SANDS, Esq.

WASHINGTON, November 26, 1853.

I have witnessed the operation of Messrs. Sands & Cummings' Patent Brick Machine, and consider it unequalled in simplicity, and in the perfection of its results, by any machine of any class that has come under my observation.

CHAS. EVERETT, late of the Patent Office.

WASHINGTON, D. C., November 23, 1853.

It is with much pleasure that I am prepared to say, that having witnessed the operation of making brick, by a new patented machine, by Sands & Cummings, it by far exceeds my expectations. It is very simple in its construction, and sure in its operation. From my experience as a practical machinist and model maker, (having constructed several models for that purpose,) I believe it to be far superior to anything I have ever seen. It can be worked with certainty and great facility, by the most ordinary laborer, while it tempers the clay and moulds the brick at the same time. I would especially recommend it to all persons engaged in the brick business.

J. B. WOODRUFF.

GEORGETOWN, D. C., November 25, 1853.

Having witnessed the exhibition of Sands & Cummings' Brick Machine, on Capitol Hill, last week, I hereby certify that its work was very satisfactory and simple, thereby allowing it to be used by hands totally unaccustomed to it. I was much pleased with the machine in every respect.

ROBERT P. DODGE.

WASHINGTON, D. C., November 29, 1853.

H. SANDS, ESQ.—*Dear Sir:*—I have this day witnessed the operation of Sands & Cummings' Patent Brick Moulding Machine, and am fully satisfied that it is not equalled by any machine for speed, or in the correctness of its work; and can therefore cheerfully and confidently recommend it to any person wishing to purchase a perfect machine. Yours respectfully,

JOHN BREES,
Practical Brick-maker, Wyoming, Syracuse Co., Pa.

WASHINGTON, March 21, 1853.

GENTLEMEN:—I take pleasure in recommending to the public your Brick Machine. Having seen one in operation in Memphis, Tenn., I immediately purchased the right to use one in Phillips County, Arkansas, believing that better brick could be made by them than by the old process, and, at the same time saving the labor of at least one-half of the number of hands required in the ordinary way of brick-making. Respectfully,

H. L. BISCOE.

Messrs. Sands & Cummings.

[Mr. B. first experimented with a dry clay brick machine, at a cost of several thousand dollars, which he set aside, and adopted in place thereof one of Sands & Cummings'.]

WASHINGTON, March 21, 1853.

To the Managers of the Metropolitan Mechanics' Institute:

GENTLEMEN:—I am under the impression that the Committee on Class No. 6, in which the machine deposited by Sands & Cummings—a Brick-making machine was embraced—recommended it as being the best machine offered, and therefore entitled to the highest award. As one of that Committee, I am of the opinion that it is the best machine now in use in this country for making bricks of *tempered* clay. I have seen the machine in use, of full size, and the *quantity* and quality of the bricks it produces are better than any others that have come to my knowledge. I am engaged in the brick business, and have searched much in all our principal cities for the most approved machines, and must say, that this machine is the very best I have seen or heard of; I, therefore, recommend the machine as worthy of the highest award that you can give to any machine at the Exhibition.

SAMUEL BYINGTON.

TROY, NEW YORK, September 15, 1853.

This certifies that I have been in the brick business, extensively, for seventeen years, and am employing twenty-two hands, and have this day witnessed the operation, in my yard, of Messrs. Sands & Cummings' Patent Machine. The Machine tempers the mud and makes brick at the same time. It is simple in its construction and not liable to get out of order, and can be worked with common borers, and makes good bricks, and is capable of moulding from 14,000 to 15,000 per day. I am well satisfied with the working of the machine. I have worked different kinds and take great pleasure in saying that this is the best I have ever seen, and in recommending the same to the public as being worthy their attention.

JOHN ARCHIBALD.

CAMBRIDGE, August 27, 1853.

This is to certify, that I have been engaged in making bricks about twenty years, and have seen and used different kinds of improved brick machines, and am now using them. I have this day witnessed the operation of Sands and Cummings' Patent Brick Machine, at Edmund Hayes' brick-yard, in Cambridge, Mass., and, in my opinion, it is most simple in its construction and, at the same time possesses every requisite for durability; to the extent, that mon laboring men can easily do all the work with the machine that is required of practical brick-makers. The machine tempers the clay by horse power, and, at the same time is capable of moulding 14,000 to 18,000 good bricks per day; and that it is best machine now in operation, and I take much pleasure in recommending it to all interested. GEO. W. WYATT.

CAMBRIDGE, August 27, 1853.

This is to certify that I have been in the brick business for thirteen years, and have seen the operation of Messrs. Sands & Cummings' Patent Brick Machine, in Mr. Edmund Hayes' yard, and, in my opinion, it is the best in use, and that it will make from 14,000 to 18,000 of good bricks per day, with horse power.

S. M. COFRAN, Putnam street.

BOSTON, March 29, 1853.

H. SANDS—Dear Sir:—This is to certify, that the Mechanics Brick Manufacturing Company have had in use in their yards during the past season some of your Patent Brick Machines, and the undersigned regard them the best machines for manufacturing brick that they have any knowledge of.

JOHN WILLIAMS, Pres't M. B. M. Co.
W. W. COWLES, Treasurer M. B. M. Co.
W. E. P. HASKELL, Clerk M. B. M. Co.
GEO. S. HARRIS, Director M. B. M. Co.
J. B. PRINCE do do

Terms, &c.

Machines will be furnished complete, (excepting only the sweep beam, which would of course be hardly worth the transportation,) with four setts of iron-bound moulds, for $500; and in ordering machines, parties should invariably send the dimensions of the bricks required to be made. *This should not be neglected.*

In sales of State, County or other rights, machines are sold at cost.

The inventors have been asked often as to the size of yard, and position of kilns, and being anxious to impart every information to be derived from their practical knowledge, they respectfully submit the following:

For the most successful operation of one machine, the yard should be one hundred feet wide, and ninety feet in length, adding from eighty to a hundred feet in width for every additional machine, but never increasing the length of the yard. The kiln grounds should extend from the head of the yard, so that the bricks being hacked, can be conveyed to the kiln sheds on a parallel line with the yard.

Bricks should be set into the kiln as soon as dried, and made by this machine they dry much sooner than in the usual mode of manufacture.

PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of Mr. E. T. HURLBUT, a competent and experienced tuner, is now prepared to attend to all orders with which he may be favored. The following testimonial to Mr. Hurlbut's capability is from the director of the celebrated Germania Musical Society:

Ado March 27, 1855.

It is with much pleasure that I commend Mr. E. T. Hurlbut as a Piano Forte Tuner and regulator. To say that he is an excellent tuner, would not be doing him justice, for I can without hesitation say that he is capable of tuning a Piano as near to perfection as it is possible for a Piano to be tuned; but the greatest recommendation for him is the unusual length of time which his Pianos remain in tune. I have never, either in Europe or America, seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano Forte as Mr. Hurlbut, and as cheerfully recommend him to all who want Pianos tuned.

☞ The opinion of a Lady who knows Frank M. Wever [illegible]

WEVER'S

DRY GOOD PALACE

AND

CARPET ROOMS!

Come to the Palace, meet me there with me,
Where Fashion, 'mid splendor, shall holds her levee
And [illegible] tells you that [illegible]
To youth or to age, in exchange for their [illegible],
And their Lady-like charms through [illegible],
In robes like a Queen's, which sell for a song.
They've shawls for the taste, and shawls for the storm,
They've cloaks which fall softly, so rich, and so warm,
They've carpets of Wilton, of Velvet, and Brussels
They've laces, and broideries, ribbons, and tassels,
They've mourning hued goods, for the weeping, and sad,
They've silks like the sunshine, for merry and glad,
They've fabrics for millions, and hold their levee,
For those who pay tribute, or come but to see,
If Palace of Dry Goods, so wonderous grand,
Can be [illegible] but a fable, of old Fairyland;
But those who know Wever, can't doubt for a minute
The glorious Palace, and all that is in it. C. H. G.

Now I [illegible], indeed I do, what modest married man would not? Yet I console myself with the idea that beauty always pays tribute to worth and merit. Thanking sincerely yet humbly my fair contributor, I trust that by honesty, [illegible] and my gentlemanly bearing, I may ever command her respect. F. M. WEVER,

Capital over $165,000, in Cash & Premium Notes.

THIS COMPANY offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstance, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incompatible ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments, at a cost to the property insured, not exceeding two mills on the dollar.—Its business is principally confined to this State.

which will be sold at reduced prices.

There is nothing yet invented that can equal the above for **rapidity of firing, accuracy, and distance.** It has been loaded and discharged 20 times in 30 seconds, and can be relied on at a distance of 600 yards.

It is *self priming*, with *water proof* caps, and can be used in a rain storm, or any kind of weather.

It loads at the breech, is perfectly safe, strong and simple in every part.

No sportsman should be without this sporting arm of the very FIRST CLASS.

The old Eagle going it with a Rush!

THE EAGLE

STEAM FOUNDRY!

—OF—

TURTON & SERCOMB,

296, 298, 300, 302 and 304 West Water St.,

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

DEFY COMPETITION

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State,

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both Practical Mechanics, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE and CYLINDER COCKS, OIL CUPS, STOP COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

PIANOS AND MELODEONS ONLY

IN ALL LARGE CITIES the PIANO and MELODEON trade is a department by itself, requiring the entire attention of the manufacturer or dealer. Believing that such an establishment can be sustained in this Musical City, the subscriber will devote his time to the trade in

Pianos and Melodeons exclusively.

During the past week he has received an additional supply to his before extensive stock and now offers a complete assortment of very superior 6, 6½, 6¾ and 7 octaves Pianos, in rich and beautiful cases, chaste but not gaudy, from manufacturers of established and unequalled reputation, viz:

LIGHTE, NEWTON & BRADBURY, New York.
JOHN B. DUNHAM, New York.
HALLET, DAVIS & CO., Boston.
MASON & HAMLIN'S MODEL MELODEONS.

The subscriber regulates and tunes his Pianos and Melodeons if necessary after they arrive in Milwaukee, himself personally, thereby insuring as perfect order and tune in the instrument as when it left the manufactory.

READ AND JUDGE FOR YOURSELVE

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following:

CARLYLE, Ill., June 29, 1855.

I have used Prof. Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey; but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 10, 1853.

Prof. O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it; that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus:

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely; but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

Yours, &c., ———.

July 1, 1854.

GARDNER, Me., June 22, 1855.

Mr. Dyer: Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c.,
DANIEL N. MURPHY.

ST. LOUIS, March 7, 1854.

Prof. Wood:—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLMANSON,
133 Second Street.

ST. LOUIS, June 28, 1853.

Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey; and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, Sir, yours, &c.,
H. L. STEWART.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scrofulic Eruptions, &c., &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicate any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is reaching us daily from East, West, North and South, of the wonderful cures they are preforming.

See what is said by those who have used these medicines:

The Rev. Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says: "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores; is now perfectly cured by the use of the Syrup and Cerate."

Dr. A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev. August Bolles says "it has cured the Salt Rheum in my leg."

J. Hadfeld Frazer, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon. Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years, but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep with out an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev. J. S. Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Prosbery, of Taunton, Mass., what the medicines will do; ask William Barber, of Three Mile Bay, Jeff Co., N. Y., what the syrup has done for him; ask G. F. & W. H. Boynton, of Perkinsville, Vt.; ask F. L. Kent, of Chicago, Ill; ask Martha Cottle, of Martha's Vineyard, Mass; ask Wm F. Keables, or Wm P. Benjamin, Esqs., of New London; ask Dr. H. M. Murdock, of Pulaski, N. Y; ask J. H. Smith, of Brooklyn N. Y., who was cured of Fever Sores, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate; ask Curtis Burrough, of Shelby, N. Y., who has been cured of a severe case of Salt Rheum; ask Chas. Akin of Hume, N. Y., what the Syrup and Cerate will do for sore legs; ask Winslow and Slatter, Merchants, Virgil, N. Y. what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

CARTER'S SPANISH MIXTURE

THE GREAT PURIFIER OF THE BLOOD!

THE BEST ALTERATIVE KNOWN!!

NOT A PARTICLE OF MERCURY IN IT!

An infallible remedy for Scrofula, King's Evil, Rheumatism,
Obstinate Cutaneous Eruptions, Pimples or Pustules on
the Face, Blotches, Boils, Ague and Fever, Chronic
Sore Eyes, Ringworm or Tetter, Scald Head,
Enlargement and pain of the Bones and
Joints, Salt Rheum, Stubborn Ulcers,
Syphilitic Disorders, and all diseases arising from an injudicious use of Mercury,
Imprudence in Life,
or Impurity of
the Blood.

This great alterative Medicine and Purifier of the Blood is now used by thousands of grateful patients from all parts of the United States, who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." Neuralgia, Rheumatism, Scrofula, Eruptions on the Skin, Liver Disease, Fevers, Ulcers, Old Sores, Affection of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and joints, are speedily put to flight by using this inestimable remedy.

For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the Skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the DISEASES OF FEMALES it is peculiarly applicable, and wherever it has become known is regularly prescribed with the happiest effects. It invigorates the weak and debilitated, and imparts elasticity to the worn-out frame, clears the skin, and leaves the patient fresh and healthy; a single bottle of this inestimable remedy is worth all the so-called Sarsaparillas in existence.

The large number of certificates which we have received from persons from all parts of the United States, is the best evidence that there is no humbug about it. The Press, hotel keepers, magistrates, physicians, and public men, well known to the community, all add their testimony to the wonderful effects of this GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac, and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE, (IN MOST CASES WHERE EVERY THING ELSE HAD SIGNALLY FAILED.) The limits of an advertisement will not admit their full insertion.

FOWLERS & HORN'S

GALLERY!

NO. 221 1-2 EAST WATER ST., (Empire Block) to examine their beautiful and finished specimens of Photograph's, Ambrotypes and Daguerreotypes.

Mr. Horn is a Painter by profession, and invites public attention to his style of painting Photograph. These pictures EXCEL THE FINEST PAINTING UPON IVORY, and while they equal the works of the Masters in their delicacy and richness of coloring, far surpass them in exactness of delineation and PERFECT FIDELITY TO FEATURE, expression and nature.

Friends, relatives and lovers may now rejoice in the possession of perfect likenesses, at a price that places them in the reach of all. Our painted Photographs are warranted to be all that is here represented, and we guarantee them to preserve their color without fading, at least as long as paintings on Ivory.

Particular attention also paid to Ambrotypes and Daguerreotypes, and

ALL THE IMPROVEMENTS IN THE ART

are applied by us as soon as introduced at the East.
